LED Lighting

“Light Life” is not just a combination of two words rather the philosophy at Sahasra which is at the centre of our innovative approach towards designing lighting solutions. In-house design and development at our fully equipped R&D centre and indigenous sourcing and development of lighting materials makes us a market leader in most segments. At Sahasra we manufacture new age LED Lighting products which serve multiple purposes of energy efficiency, conservation of the environment and aesthetic lighting.

With 3 manufacturing plants situated in NCR, New Delhi and 9 sales & marketing offices in USA, Europe, Canada, Africa and India the group has emerged as the leading manufacturer of LED Lighting Products.

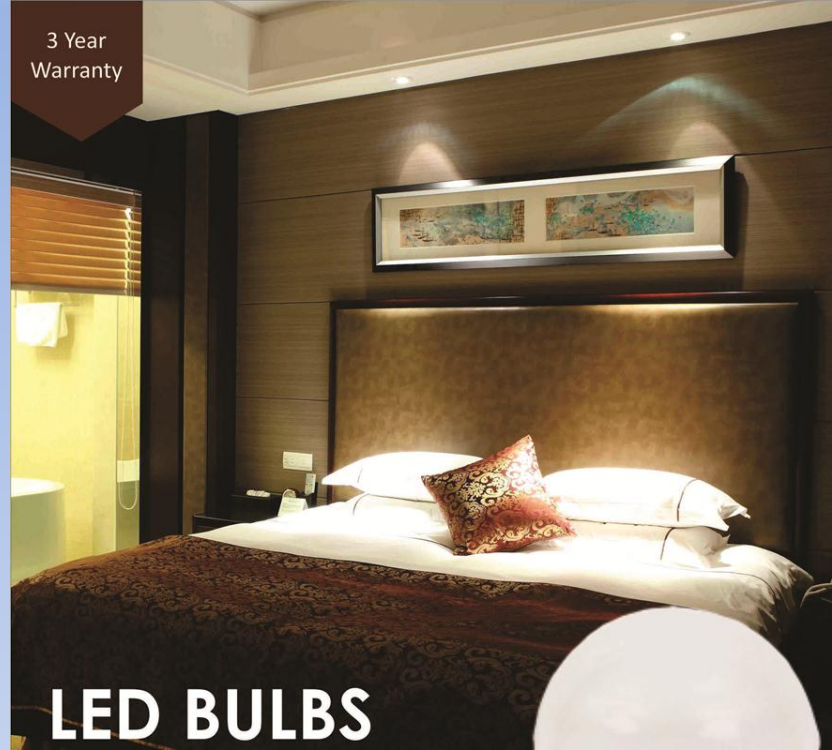

SAHASRA

Sahasra's mission "to deliver goods and services of high quality level at competitive prices with business velocity that can provide complete satisfaction to our customers anywhere on the globe" has been the success mantra for the last decade.

With 350+ people across its businesses and a brand new 20-20 vision the group is well poised to become one of the leading international LED Lighting solutions company while keeping itself fully focused towards its social and environmental objectives by creating a sustainable business venture for all its stake holders be its customers, vendors, investors, employees and partners.

LED BULBS & SPOT LIGHTS

LED STREET LIGHTS

Street Diva

Street Diva-48 is a 100W LED Street Light with which we can replace 250 watt HPS street light. Slim-Line, aesthetically pleasing and reliability driven light design by Industrial Design Centre of IIT Delhi. Indigenously designed Aluminium die cast fixture with advanced heat dissipation technology for long term reliability of High Power LED's. **Photo-sensor controlled "CUT-OFF", dimming control and saves more than 70% energy.**

LED Street Lights Installed at NSEZ Noida, INDIA

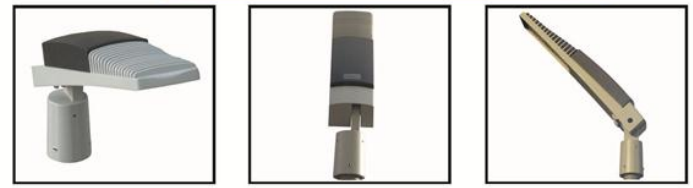

70% ENERGY SAVING

Zero Maintenance

ROI less than 3 years

3 YEAR WARRANTY

Also available in 50W, 75W, 125W & 150W

Technical Specifications:

Optical		Electrical		Environmental	Mechanical
Light Source	Philips Lumiled LUXEON Rebel ES > 60,000 Hours	Input Voltage	85-285 VAC standard	Operating Temperature	Dimensions
Color Temperature	5000 - 7000 K	Frequency Range	50/60 Hz	Operating Humidity	Weight
Custom Design Lens	LedLink Optics	Power Factor	>0.90	Ingress Protection	Casing Material
Dispersion Angle	75-135 Degree	Protection Provided	Surge & Over Current Protection (10KV)		Pole Mounting
Lens Material	High - Impact Polycarbonate	Forward Current	700 mA		
Light Delivery Rating	Full Cut off	Output Power	100W		
Typical Lumens	10,000 Lumens	THD	<10%		
Lumens/Watt	100				
CRI	Typical 70				

3 Year
Warranty

LED COVE LIGHTS 10W

65%
ENERGY
SAVING

T5 CLEAR 2 FT

With external driver, mounting clips and screws
Emits no heat, lower Air-conditioning costs
No UV or infrared in the light beam
No Mercury, eco-friendly
No starter/No flickering
Over voltage protection

LONGER LIFE - 25 YEARS AT 4 HRS USAGE/DAY

Also available in 1Ft, extendable upto 4Ft
